Water Intec 2022 - Need of the Hour

South India's key event focused on Water & Waste Water Technologies, the 2nd edition in this segment at CODISSIA Trade Fair Complex.

The Event will focus on how the emerging Technologies is transforming the Water & Waste Water sector and how to scale up the adoption of clean water solutions including through Public / Private sector efforts and the pressing regulations / Technical and financial challenges that need to be addressed in doing so.

The event is being organised at the right time when the country is poised to become the next promising market in the world.

- The effluent treatment plants segment is growing at healthy rate in terms of volume.
- PPP-based projects will be in vogue and one can expect the increased role of private players in the management of utilities/assets.
- Ageing equipment presents opportunity in replacement/retrofit of assets in water and effluent treatment plants.
- Huge opportunities are available across the value chain right from suppliers of pumps, to ductile iron pipes, to membranes.
- Due to high discharge volumes, industrial units are being forced to reuse wastewater and resort to zero liquid discharge.
- Industries are facing stiff competition from agriculture and domestic demand for freshwater resources. Discover which areas have an urgent need for water reuse and desalination.
- India's development is driving strong industrial growth creating an increased demand for water. Furthermore, industrial parks are being built across the country and will require state of the art water management systems, creating valuable opportunities for international players to get involved.

Why Water Intec - at Coimbatore

- Coimbatore region has a high concentration of Textile Processing Units, Foundry Units and on top of all is witnessing rampant urbanisation, all of which pollutes the environment in general and water in particular.
- Dyeing and bleaching units pollute groundwater in Tirupur.
- Government of Tamilnadu has come out with new policies that enforces construction of waste water treatment plant in all buildings.
- India is emerging as the leading economy Worldwide and Infrastructure sector is booming.
- Mandate for municipal corporations for treating and using sewage water for non-potable purposes.
- Rain water harvesting has become utmost important.
- The Tamil Nadu Urban Flagship Investment Program (TNUFIP) is structured under three outputs:
 - Sewage collection and drainage improved and climate-friendly sewage treatment systems introduced
 - Access to reliable and smart drinking water services improved
 - Institutional capacity, public awareness, and urban governance strengthened. TNUFIP will be implemented over an 8-year period beginning in 2018, and will be funded by Asian Development Bank (ADB) via its multi tranche financing facility (MFF).

Exhibitor Profile

- | | |
|------------------------------|-------------------------------|
| Automation Control Systems | Heat Exchangers |
| Antiscalants | Iron Removal Systems |
| Analytical Instruments | Laboratory Testing |
| Aeration Equipment | Level Controllers |
| Activated Carbon | Membranes |
| Bottling Plant Manufacturers | Membrane Diffusers |
| Blowers | Misting Equipments |
| Bacteria Culture | MBR Systems |
| Cooling Towers | MBBR Systems |
| Control Panels | Ozone Generators |
| Consultants | Pumps |
| Coagulants & Flocculants | Process Control Instruments |
| Clarifiers | Pressure Gauges |

SURVEY REPORT

Testimonials

Dear Sir,
It's our pleasure to inform you that we have received excellent visitor Footfall and good volume of business enquiries. We thank you very much for conducting Water Intec 2020 at Coimbatore.

We are glad to be associated with them and look forward to their next event and wish them grand success for all the future events.

K. Vivekanandhan
Managing Director - Faraday Ozone Products Pvt. Ltd.,

Dear sir,
Good Evening,
நீர்நீர் அமையாது உலகு என்பது பழமொழி.
கொடியியா இன்றி அமையாது தொழில் என்பது புதுமொழி.
நன்றி
Regards
EZ WATER INDIA
Erode

Dear Sir
I think the exhibition is well organized, response is superb, footfall is outstanding. The organizers of the show have advertised it nicely.

The appearance & awareness of the Exhibition is Good, received good nos. of visitors hopefully turns into prospects buyers, we are very thankful to the management team Participating in waterintec 2020 Exhibition was really good experience. Many visit by clients @ work is real good. Would like to continue further.

Thank you!
Regards,
Sameer Khan, Marketing Executive
CentPro Engineering Pvt. Ltd.,

Greetings of the Day!!
It was great pleasure in participating the Water-Intec 2020 show as an exhibitor. The effectiveness of the exhibition's overall design and appearance was good and the exhibition attracted the quality and type of prospects it was intended to.
The trade show met our marketing objectives and we convey our heartiest wishes and thanks to the management of CODISSIA for organising a successful maiden Water-Intec show.
With regards,
S. Govindan

Aqua Purification System, Salem

Dear WaterIntec Team,
Glad to share my testimonial with you. It was a purposeful exhibition, first time conducted in Coimbatore for Water Business Community and as an exhibitors, We found it very useful to expand our business network among B2B's and We do enjoyed some on spot bookings and B2C enquiries. We wish, you could conduct this every year as well. All the best.

S RAVI CHANDRAN
Managing Director,
CONWAY WATER PURIFIER PVT. LTD.,
